

## Haiti Earthquake leaves thousands homeless

MAKE AN EMERGENCY CONTRIBUTION TODAY!

Dear Habitat supporter,

Imagine the fear of the earth shaking violently beneath you as you would never have thought possible. Imagine the utter terror of your home crumbling in around you. While the assessments are just beginning, already we know that the 7.0 earthquake that hit Haiti's capital of Port-au-Prince Tuesday is a catastrophe of major proportions.

**Your support NOW is critically important!** The extent of Habitat's ability to help families rebuild their homes and lives after this devastating earthquake will depend on the funds we can raise for the work—and on how quickly those funds are available.

**Join us in praying for the best—but preparing for the worst. Please help by making a secure online donation today.**

Habitat has worked in Haiti for 26 years — and we will be there for the long term to help families whose homes were lost get back into safe, decent and affordable housing.

**Support the victims in Haiti with an emergency online donation.**

Thank you for your help during this critical time.

Sincerely,

Jonathan Reckford  
Chief Executive Officer  
Habitat for Humanity
